Hi Nancy –

Welcome back to EPA! Here are the latest documents we have on PFAS. The longer file is a compilation of information on Agency activities. Feel free to contact me with any questions,

Maureen

We have a lot of summary material on agency actions related to PFAS. I am in Europe right now, but Dale Perry who works for me can get that material in the morning.

Mike,

Thank you. Something in the morning would be terrific. I didn't realize ORD was also working on PFOS/PFOA issues. I'm cc'ing Bob here.

Bob—anything you can pull together for me to inform a meeting with the Administrator and Chemours would be great. Ideally by 1pm tomorrow if that's possible.

Thanks!

Nancy

Nancy,

Sorry, I just caught up to this email. I will aim to get you a response in the morning. Also, Bob Kavlock has been pulling together information from across the agency. Have you connected with him?

Mike

Subject: PFOA/PFOS

Mike,

I'm staffing a meeting that the administrator is having with Chemours on Monday and while I've got info on the perfluorinated compounds within the TSCA program, I'm being asked for an update on OW activities related to the chemistries.

Is there a short paragraph or some existing background you can provide on the status of OW activities?

Thanks!

Nancy
